

Choral Club Membership Offers a Great Selection of Relevant Music

Linda Dercks of United Christian Church

Although Linda Derck's church in Shamokin, PA is small, a great selection of choir music is still in demand. As church secretary and youth leader of United Christian Church, Linda understands the importance of providing enjoyable music for both the audience and the choir. Fortunately, Lillenas Coral Club makes it easy to introduce new music to her church community.

Before becoming an avid Lillenas customer two years ago, Linda and her pastor chose music from a limited selection at their local book store.

"Our local store has a small array of music books to choose from, but they did carry a Lillenas' songbook that I purchased," Linda said. "We liked the music so well, I visited the Lillenas' website and I was pleasantly surprised by the vast selection of music available. Now, as a member of the Lillenas Choral Club, we automatically receive several types of music four or five times a year to sample."

By creating the Choral Club, Lillenas, one of the largest church music publishing houses in the world, has been helping thousands of busy church choir directors and worship leaders receive the newest music as it's released, saving them both time and money. Each year they provide dozens of musicals, solo and ensemble collections to their Choral Club members. In addition, members receive 15 percent off all Allegis, Lillenas, Easy 2 Excel and Lillenas Kids choral books and anthems.

"We received a sample club package from another company not long ago," Linda explained, "but it didn't have near the selection Lillenas provides. I tried to order one of their products online, but I was directed to a 1-800 number. I truly appreciate how simple it is to order from Lillenas. The church not only saves money, but I save valuable time."

Lillenas continues to update the Choral Club's music selections to insure customers get the latest music pieces. Along with the inspirational leadership of Nazarene Publishing House management, Lillenas uses independent arrangers, allowing them to offer a diverse selection of Christian music for both the large and small church choirs.

Linda concluded by stating, "Membership in the Lillenas Choral Club allows me to quickly browse a wide selection of music and find just the right unique arrangement that will speak to the hearts of both the performers and those in worship, creating moments with God and make lasting memories in worship."
